

KLIMA-FLEX HINGE 180° ADJUSTABLE

321129

Klima-flex hinge, 180°, zinc plated, includes adjustable parts, 80mm

- For insulated doors
- Zinc, Steel
- Left or right installation
- 180° opening angle
- Adjustable horizontally and vertically

PRODUCT DESCRIPTION

Hinge from IndustriLás which is adjustable in X and Y direction if the adjustment details (C) are used - and if enlarged mounting holes are drilled in the door plate.

If the adjustment parts are used, the nut plate is mounted on the inside of the door using a basket plate that is temporarily taped to the door and secured with an M6 screw (not included).

The hinge can also be used without adjustment details and then attached with a self-tapping screw.

The hinges are available in two different sizes.

Can be mounted universal right or left mounting.

This hinge gives you an opening angle of 180°.

Material:

Hinges: Zinc, fzb, black textured lacquer or chrome-plated.

Nut plate: Zinc, fzb.

Basket plate: Steel, for example.

Axle: Steel, fzb.
