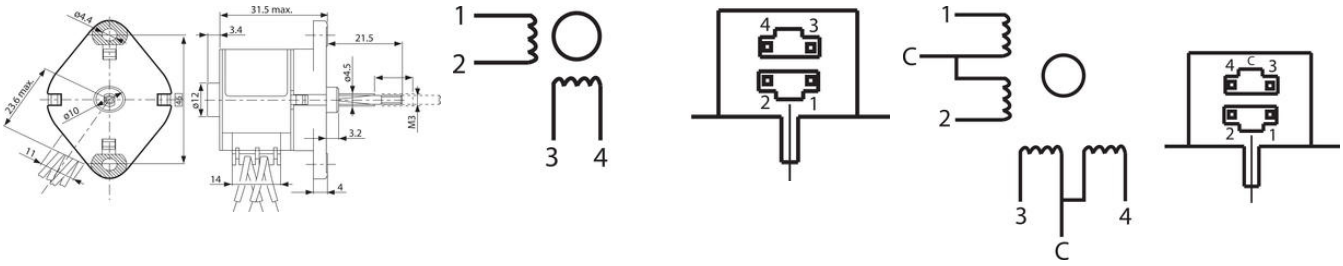
CROUZET - LINEAR STEPPER MOTOR

809100XX
Linear actuator stepper 7.5° 58N max 10mm 0.0167mm step

- 10 mm stroke as standard
- 27 - 45 N force
- Positioning accuracy < 0.01 mm

PRODUCT DESCRIPTION

Crouzet linear stepper motors have a standard stroke length of 10 mm, but are available up to 35 mm .

Also available with brushless DC motors.


Customised versions of e.g. output shaft and cable length are available for higher volume users.
