

**SUNGIL - ARTICULATED SHAFT  
COUPLING, SCJ**

SCJ-20

- Highly resistant to oil and chemicals
- Capable of absorbing great eccentricity
- 0.15 - 5 Nm, up to 6 000 rpm
- For 3mm to 15mm diameter shafts
- Supplied machined to shaft requirements

**PRODUCT DESCRIPTION**

The shaft coupling from Sungil is articulated meaning it is ideally suited to joining together two shafts with a large angular deviation.

It is robustly constructed with minimal play, giving a useful shaft coupling for regenerative positioning.

**TECHNICAL DATA**

<b>Angle deviation</b>	3 °
<b>Parallel displacement</b>	0,5 mm
<b>Torque max</b>	1 Nm
