

## GREISINGER - PRECISION POCKET THERMOMETER WITH PT1000 PROBE

GTH 175 PT-K

GTH-175PTK

Temperature measuring device incl. Teflon insertion probe

- Suitable for measurement in liquids and air/gas
- Handle and cable are resistant to Temperatures up to 250 ° C.
- Scope of supply: Device including probaton, battery, manual
- High accuracy and precision

### PRODUCT DESCRIPTION

### TECHNICAL DATA

<b>Additional information</b>	Probe is permanently connected to the device, 1m Teflon cable and Teflon handle.
<b>Battery life</b>	200 h
<b>Dimensions</b>	106 x 67 x 30 mm
<b>Display</b>	3½ digit, 13mm high LCD
<b>Housing material</b>	ABS plastic
<b>Measuring Application</b>	Temperature
<b>Measuring Range: Temperature</b>	-199.9 ... 199.9°C
<b>Operating temperature</b>	-30 ... 45°C
<b>Power</b>	9 V Battery
<b>Resolution</b>	0.1°C
<b>Storage temperature</b>	-30 ... 70°C
<b>Type</b>	Thermometer
<b>Weight</b>	190 g
