

ASCO - 2/2 VACUUM VALVE 3/4"-2"

SCE210D095VM

Solenoid valve 2/2 NC 3/4" 230/50

- Normally closed
- Housing in brass/aluminium
- Vacuum-0.999 bar

PRODUCT DESCRIPTION

TECHNICAL DATA

GENERAL DATA

Connection	3/4 BSP
------------	---------

MATERIAL DATA

Material body	Brass
---------------	-------

TEMPERATURE DATA

Temperature of media from	-20 °C
---------------------------	--------

Temperature of media to	85 °C
-------------------------	-------

Function 2	Normally Closed
------------	-----------------

Differential pressure min	0 bar
---------------------------	-------

Function 1	2/2
------------	-----

Type of valve	Solenoid valve
---------------	----------------

Flow max	87 l/min
----------	----------

Differential pressure vacuum max	-0,999 bar
----------------------------------	------------

Throughput	19 mm
------------	-------

Voltage AC	230 V
------------	-------
